

— **SAFE ZONE:**

All critical elements (text, images, graphics, logos, etc.) must be kept inside the **SAFE ZONE**.

**Keep all elements away from the outside (Safe Zone).**

— **TRIMMING ZONE:**

Always allow 0.25 inches cutting tolerance all around. We do not recommend leaving tolerance due to shifting in the cutting process, which may cause features to appear uneven.

— **BLEED ZONE 0.125 inches:**

Allow some tolerance for the background images or colors all the way to the edge of the sheet output.

**IMPORTANT**

- 1. **Always remove all guides/instructions before submitting your files, or they will not print.**
- 2. **Test files before converting to PDF.**

Final Size: 11 inches x 17 inches

Size with bleed: 11.25 inches x 17.25 inches
